Exoneration for R. A. Ballinger

United Press Telegram.
WASHINGTON, Dec. 7.—Absolutely exonerating Secretary of the Interior Ballinger of all the charges brought against him by the majority report of the Ballinger-Pinchot investigating committee was presented to Congress at noon today.

The report as framed by the majority members of the committee sums up its findings as follows:

"That Secretary Ballinger is not an enemy of or hostile to a reasonable and judicious policy of conservation and that no ground whatsoever has been shown justifying the opinion that he is not a faithful and efficient public officer."

The summary says that the charges against Ballinger in connection with the Cripple Creek-Albion coal land claims were not justified; that the restoration of water power given by Ballinger was in good faith; that he was justified in revoking the Indian cooperative agreement; that his abandonment of water users cooperative expropriation was justified; that his criticism of the reclamation service was deserved; and that he is not any enemy of judicious conservation.

War on Trusts Bobs Up Again

United Press Telegram.
WASHINGTON, Dec. 7.—A joint resolution opening war on the trusts was introduced in Congress today by Representative John A. Bingham of Illinois, ranking member of the House Committee on Judiciary. The proposed constitutional amendment is:

Article XVII—The Congress shall have power to prevent and suppress monopolies throughout the United States by appropriate legislation.

"Congress might at present have some control," declared Bingham today, "but in many instances this control falls far short of the power required. It is necessary that Congress should control not only those big corporations operating between the States and in foreign commerce, but also those operating within the States. It is to reach corporations of the New Jersey class that my constitutional amendment is framed."

Bingham's resolution will go to the Judiciary Committee.

Frantic Tar Heel Shoots Up Hospital

United Press Telegram.
PITTSBURGH, Dec. 7.—"I'm a tar heel from North Carolina," announced B. P. Willard, aged 28, as he entered the Allegheny General Hospital today. A moment later five shots rang out in the nurses' dormitory and Willard ran about the corridor brandishing a revolver of healthy size while nurses, interns and other attendants sought refuge behind bolted doors.

Someone telephoned for the police and after a struggle in which Willard shot himself in the right foot, a squad captured him. Examined at the prison his injury was discovered and he was returned to the hospital for treatment and was also put in a straight jacket.

He was employed as an orderly at the hospital until yesterday when he was discharged for insubordination. Still shouting "I'm a tar heel," he is resisting the efforts of the physicians to remove the bullet from his foot.

WHY THEY FAIL

Most Pile Remedies Miss the Cause of Piles.

Unbearable treatment with ointments or suppositories usually fails to cure piles and cutting them off won't remove the cause. Such treatment only moderates the outside effects of the disease and fails to remedy the inside cause. The up-to-date doctors now use internal medicine to treat the circulation in the lower bowel, and so remove the disease.

Dr. Lombard's Hem-Roid, the first and only guaranteed internal pile cure—in the form of tablets—cures any kind of piles. Sold by A. A. Clarke, Connellsville, Pa. \$1 for large box. Dr. Lombard Co., Station B, Buffalo, N. Y.

Third Anniversary W.C.T.U. Program

The third anniversary of the W. C. T. U. of South Connellsville was appropriately celebrated last evening at the home of Mrs. Ida R. Seaman at South Connellsville. There was a good attendance and an unusually interesting program was carried out. A debate, "Resolved, that women should have the right of the ballot box," was one of the most stirring features of the program. Many of the guests present were for woman's suffrage and the judges, who were William Murrie, Mr. Miller and Mrs. R. C. Miller, after hearing the debaters discuss the question, decided that women should have the right to vote. The debaters were, affirmative, Miss Mildred Daniels and Miss Anna Bell Lee, while Honorable Sullivan defended the negative side of the question.

Mrs. Nellie H. Showman read a history of the "Y." Miss Hietrick and Miss Anna Bell Lee rendered a mandolin duet in a very capable manner. A recitation by Miss Georgeanna Kerns closed the program. A social hour and refreshments were served. Miss Davis, the County Secretary was unable to be present.

Sulzer Leaps Into the Arena

United Press Telegram.
WASHINGTON, Dec. 7.—Representative Sulzer, (Democrat, New York) leaped into the arena today with an assault on the high cost of living in the shape of a bill proposing the reduction of tariff duties on meat and cattle. The measure is Sulzer's first activity at this session of Congress and he declared when he dropped the bill into the basket that he was prepared to make the fight of his life for it.

"They are selling meat shipped to Europe on the hoof or in cold storage in London, Paris and Berlin for prices that are from 8 to 15 cents a pound lower than the prices for similar meats in American cities," he declared. "When they can do this I see no reason for a duty on meat and cattle."

"SOME DAY"

With the Vast Majority of People It Means Never.

Some day you are going to be more careful—have a place for everything and keep everything in its place. Some day you are going to get up early and be at work on time. Some day you are going to have postage stamps, writing paper, handkerchiefs, a set of razors and a big bunch of shoe strings in the house always. Some day you are also going to have money—but, unless you differ from most people, "some day" means never. The time to acquire anything you desire is not "some day" but today. Take a dollar to the First National Bank of Connellsville and open a savings account. Then add something to it every week or month. You'll soon get a nice little sum together—every dollar of it earning 4% interest.
